The Tilos Collection takes inspiration from the archetypal seating of the 1950s and 1960s, traditionally crafted in bamboo and rattan. These forms have been reimagined using advanced technologies and modern industrial manufacturing techniques, resulting in a collection that feels both timeless and contemporary.

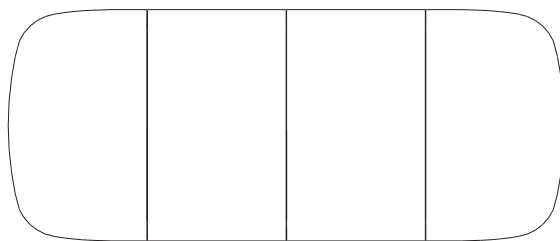

At its core, Tilos features a distinctive shell made of metal and woven acrylic rope, designed to cradle plush cushions while ensuring both comfort and durability.

## Maintenance Teak

---
